THE following tables were prepared to accompany the Paper upon the Administration of the Relief of the Poor and the Charge of the Poor Rate in the Metropolis, printed at pages 169—197.

The returns having been again verified and corrected, the columns recast, and some returns published since the compilation of the Paper having been consulted, a few variations will appear between the results shown in the Paper and those disclosed in this Appendix. They do not, however, at all affect the general results, nor materially alter the relative proportions between the different parts of the Metropolis; but the following corrections are requested to be made upon page 189. The sum expended for the Relief of the Poor for the Western Portion of Middlesex, in 1776, should be 73,281*l.*, instead of 46,781*l.*; and for the Eastern Portion the following statement should be substituted.

In 1776	In 1783-4-5.	In 1803.	In 1856.	Rate of Increase between 1803 & 1856.
£41,336	.... £42,203	.... £71,206	.... £213,112	.... 199·3

and instead of the table printed on page 192, the Summary printed on pages 324 and 325 should be referred to.

It is proper also to add, with reference to the severed parishes set forth on page 173, that in 1733, the parish of *St. Luke, Middlesex*, was carved out of the ancient parish of *St. Giles, Cripplegate*, by the 6 Geo. II, c. 21, and in 1678, the parish of *St. Anne, Soho*, was severed from the parish of *St. Martin-in-the-Fields* by the 30 Ch. II. c. 7.

TABLE B.

*Showing the Extent of the several Parishes of the Metropolis, the Number of Inhabited Houses, Number of Families, and Number of Houses Rated to the Poor in 1856.*

[The Report on the Census gives the information from which the following table has been framed, as to the Number of Inhabited Houses in 1851, and the Number of Families and the extent of the several Parishes. The Parliamentary Paper, No. 337, 56/57, Sess. 2, shows the Number of Houses Rated to the Relief of the Poor in the Metropolitan Boroughs and the City of Westminster in 1856. The City of London, comprising three Unions, and the Fulham and the Wandsworth and Clapham Unions, with the Parishes of Chelsea, Hampstead, and Kensington, are omitted; and as the Boroughs of Greenwich and Lambeth are not quite co-extensive with the Kentish Unions and the Surrey Parishes, there is a small incompleteness in the comparison between 1851 and 1856.]

Parts only of the Parishes marked thus (\*) are included in the Return.
